

AIRTRON

Manufacturing Solutions for Canada Surface Mount Technology Products Line Card

120 Milner Avenue, Unit 10, Scarborough, Ontario M1S 3R2 • Phone: 416-494-3888 • Fax: 519-688-6241 • www.airtron.net

Air Vac Engineering

Quality rework / selective and multifunctional assembly systems for electronics, semiconductors, MEMS, photonics and micromechanical applications. Specialists in BGA rework and repair.
www.air-vac-eng.com

Apollo Seiko

provides soldering solutions for all sectors of automation starting with hand soldering through complete pass-thru conveyORIZED systems. www.apolloseiko.com

Aqueous Technologies

Advanced aqueous batch cleaners, inline aqueous cleaners, ultrasonic batch & stencil cleaners, cleanliness testers.
www.aqueoustech.com

Assembléon

Develops and distributes a diverse range of Surface Mount Technology (SMT) placement equipment and provides a broad range of related services. Assembléon ranks among the leaders in the design and manufacture of pick-and-place equipment for the global electronics industry.
www.assembleon.com

Cencorp

Depanaling systems for full board or tab routing, semi-automatic and inline systems. www.cencorp.com

Digital Test

Flying probe test systems, in-circuit and functional test systems.
www.digitaltest.de

Hover-Davis

Wide variety of world class feeding systems for SMD tape and reel, labels, labelprinting, and wafers
www.hoverdavis.com

Innov-x Systems

Innov-x handheld portable XRF can simultaneously screen a printed circuit boards for the five restricted RoHS elements and chlorine. This is an absolute necessity to ensure your company is maintaining RoHS requirements. www.innovx.com

Metro Nozzles

Pick & place replacement nozzles
www.metronozzle.com

Nortec Inc.

Nortec Group provides total product identification management and labeling solutions

On Site Gas Systems

System to generate nitrogen or oxygen from air. Purity ranges to 99.999%.
www.onsitegas.com

Orpro Vision

Leading-edge optical inspection tools for PCB assembly, completely integrated work inspection stations. www.orprovision.com

Pro-Mation

Final assembly solutions, conveyor systems, laser soldering systems, and pick to light systems. www.pro-mation-inc.com

Q Corporation

Manual and semi-automatic SMD taping systems. Mass-lead trimming systems
www.qcorporation.com

Radoll

Depanable solutions to edge finishing, depanaling or gold finger beveling applications. www.radoll.com

AccuAssembly

Ultra low humidity storage cabinets for moisture sensitive devices (MSDs).

Scan Cad

PC based software to link existing designs to CAD & production.
www.innovx.com

SmartMove

Manufactures simple plug-in modular plastic chain belt conveyors for post wave, reflow applications.

SMT Techniques

Surface mount printers for manual, semiautomatic and inline requirements. Semi and fully automatic vision alignment. Large board printers. www.smtprinters.com

Transair

Light weight aluminum compressed airline piping system 1/2" to 6" also available in stainless steel. Systems are light weight, modular and flexible for lean manufacturing. www.parkertransair.com

Universal Electric

"Starline" electric bus way system providing flexible electrical power distribution.
www.uecorp.com

Vitronics-Soltec

Market leader in reflow ovens, wave and selective soldering systems.
www.vitronics-soltec.com

Pentagon EMS

Provides tooling and fixturing to enhance every aspect of the Printed Circuit Board assembly process, exactly when you need them. www.pentagon-ems.com
